Updating and Viewing Videos

A USB flash drive can be used to transfer updated videos from computer to printer.

Follow these steps to save video files to the computer:

1. Insert USB flash drive into the USB port of the computer.

2. Click the "Culvers.mpeg" file link on the Culvers website. A ".zip" file will appear on the screen.

3. Left click to open the file.

4. To copy, highlight the desired videos. To do this, left click and drag over each video until the desired ones are selected.

- **5.** Right click the highlighted file(s).
- 6. A menu will appear. Scroll to "Send to" and left click.
- 7. Highlight "Removable Disk", and left click.

Follow these steps to load videos to the printer:

1. Insert the USB flash drive into the USB port on the side of the printer.

2. Press the **Tools** button in the upper right hand corner of the screen.

- 3. Press Admin.
- 4. Enter the Admin password then press Enter. The default password is 1234.

5. Press USB Update.

Set Time / Date	System Settings	USB Update	About
Maintenance	Edit Product Data	Batch Printing	

6. Press Update Video Files.
