

# Avery Dennison® Monarch® 1158® Handheld Labeler

## ELIMINATE ILLEGIBLE HANDWRITTEN CRITICAL CARE INFORMATION

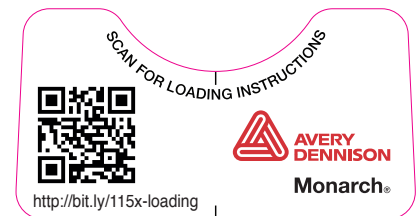

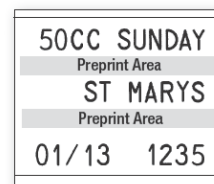

The Monarch® 1158® handheld labeler and specially designed label combination is the ideal solution to monitoring tracker for the medical profession.

The labeler features three lines and 36 character positions to create unique number sets.

The labels have two layers of adhesive. The top layer stays applied to the surface while the top can be removed for a separate application. For example, applying a label to a prescription bottle, and then removing the top layer to apply to the patient's chart. It's fast, efficient record keeping. Using color-coded labels gives you even more options.

## GREAT FOR HOSPITALS, DOCTOR'S OFFICE, NURSING HOMES AND PHARMACIES

- Patient movement from ward to ward
- Sterilization of medical instruments
- Pharmaceutical distribution
- Fill dates on tanks
- Expiration dates on medical supplies
- Billing for patient charts

## ABOUT MONARCH LABELERS

- Red "touchpoints" are incorporated throughout the labelers to help guide the user through important tasks such as loading, clearing jams and removing the ink rollers
- Instructional videos are easily accessed by scanning the QR code conveniently located on the labeler
- Most labelers take about 75% less time to load labels and roughly 97% less time to change ink rollers than other similar labelers on the market
- Made in the USA from practically indestructible ABS plastic and drop tested to ensure they'll last for decades
- All of our labelers are covered by a one-year warranty and we also offer 48-hour turnaround repairs on all labelers

## ELEVATING BRANDS. ACCELERATING PERFORMANCE.
